Dear Derrick,

I am writing to express my gratitude at the extremely efficient way you have handled the transfer of ownership in my company.

Your knowledge and expertise in this area has proved invaluable..

Without your assistance it would have taken me a great deal longer to resolve and taken up a considerable amount of my time. However, by being able to leave it to Ordered Management I was able to continue to concentrate on running my business and generating profit whilst leaving you to deal with all the relevant paperwork and communications with Companies House.

I am delighted with the service you have provided and I will be more than happy to be a reference for any of your potential clients in the future.

Yours sincerely,

Craig Colquhoun
