Dear Derrick,

We would like to thank Ordered Management Ltd for their extremely efficient service and sound advice whilst registering our limited company. Initially a great deal of care was taken by Derrick to ensure we chose the correct 'name' for the company. This was crucial to us because we needed to protect our emerging brand. Once the decision to go ahead was made we received our company number within, literally a few hours and the supporting paperwork the following morning.

Yours Sincerely

Jon and Jamie Newton
