Dear Derrick

## Blakeborough Limited formation

Over the last six years Liz and I have been able to run a simple sole trader partnership business supplying design and public relation services to a variety of companies including major Plcs. Until now we have traded on our reputation and major agency experience alone.

However, recently an opportunity to land a significant contract was dependent on having Limited Company status.

The choice of whom to turn to, to affect this change, was obvious. Your knowledge, professionalism, advice and have and are a major asset to our business and one we are very grateful for.

We are delighted too, to have you on board as our Company Secretary; safe in the knowledge that you are looking after it.

I can not recommend you and Ordered Management highly enough.

Best wishes

Steven Blakeborough  
Director
