From: Patrick Lincoln
Company: Solution IP Communications Ltd
Position: Director

I would like to show my appreciation to Derrick Phillips of Ordered management for the exceptionally efficient manner that he carried out the work I requested of him. Derrick offered me advice on the issue at hand and then in one phone call managed to complete the entire task that I was expecting to take several days and a fair bit of paper work.

He sent all the necessary paperwork related to the task the same day so I received everything promptly and well presented. I was most impressed with Derricks knowledge and handling of the work he carried out.

Having had first hand experience of the way Derrick conducts his business I would not only have no hesitation introducing him to my contacts but I would strongly recommend him to anyone of my clients, friends or family.
